During my recent trip, a BIE issue It was brought to my attention re:Tohono O'oodham school, potential safety issues. I would like abriefing on the following: 1. What we are doing in the interim toremedy the current situation 2. Whether there are additional schools (including 638 & 297) that have similar types issues by identifying theissue and location 3. The cost assessment to make the necessary changesin the short term, and 4. Background on the contracting/project historywith respect to this potential safety issue My main concern, as it isall of yours, is the safety of the students in our BIE operated schoolsas well as the tribally operated schools. Therefore, we need theinformation to identify those issues and locations to either continueor begin to provide a remedy or safe alternative for those locations. Ibelieve you need time to pull this information together, so let's planon a phone huddle no later than Thursday. I have copied Anita on thisemail to facilitate a call. Thank you, Tara

The Tribal Council and staff of the Confederated Salish and Kootenai Tribes had the honor to host Assistant Secretary Sweeney on the Flathead Reservation this week. During her visit Assistant Secretary Sweeney asked my colleague, Rhonda Swaney, and I to schedule a follow-up meeting with her next week while we are in Washington for other meetings. Would you be able to assist us in arranging a meeting on September 5 or 6? We are currently scheduled to meet with OMB from 2:00 to 3:00 on September 5, but can otherwise adjust our schedule as necessary. Alan Mikkelsen, Senior Advisor to the Secretary and Chair of the Working Group on Indian Water Settlements, suggested that the Assistant Secretaries for both Fish, Wildlife & Parks, and Land and Water, be invited to any meeting we might be able to arrange. To the extent that might be possible we would greatly appreciate it. I've copied Mr. Mikkelsen's staff on this email in the event you have any questions for them. **Description:**

Call in : (b) (5) Code: (b) (5) At the August 2017 bi-annual meeting, the OMC expressed concern that the Osage Agency's new records access policy (implemented in 2016) restricts tribal and public access to oil and gas records relating to the Osage Mineral Estate. Following the meeting, the Osage Nation applied for (and was awarded) an EMDP grant to digitize the Osage Agency's oil and gas records and publish them in an electronic database that would be available to the public. At the December 2017 bi-annual meeting, the Solicitor's Office advised that in response to the OMC's concerns, it was undertaking a review of the Osage Agency's records access policy. The Solicitor's Office noted that the review would include an evaluation of the digitization project since the project requires significant records access and disclosure. The Solicitor's Office completed the legal review of the Osage Agency's records access policy and the related EMDP grant awarded to the Osage Nation for the digitization project. We would like to schedule a conference call or meeting with BIA to discuss the results of the review. As you know, the Osage Nation and OMC have repeatedly expressed frustration with the length of time the review is taking and are anxious to resolve these issues. As an FYI, the Principal Chief has renewed interest in this matter and yesterday the Osage Agency received another inquiry from the Osage Nation regarding the status of the review.

Assistant Secretary Sweeney, I wanted to reach out now that I am settled at the Department of Education. I wanted to touch base with you on two things in which I believe your help will go far. First, I was asked to submit names for individuals who could serve as the Director of the White House Initiative on American Indian Alaska Native Education. I would love your help in identifying the best individuals for this role. I will work with you and or your team however you would like. Ultimately I will be submitting contact information to our White House Liaison and he will work the interview and hiring process. Second, I am working under the Assistant Secretary for Planning, Evaluation, and Policy Development. We are working on our Broadband initiative. Our goal is to close the broadband gap on all schools. There are a few conversations happening around schools serving Native Students. I'd love to chat with you or someone from your team so that we can build a best path forward and help one another in our efforts. Let me know your thoughts on the above questions and please reach out if there is anything I can do for you. Can you pencil her in from 4:00 - 4:45PM at the 7th Annual AFN/NCAI Tribal Conference? We'll have her give remarks for up to 15 minutes, then take questions from tribal leaders. Should I send logistical information to you? Best, Nicole ===== On Oct 9, 2018, at 10:28 AM, Appel, Elizabeth wrote: Hi Nicole- T (b) (6) Assistant Secretary Sweeney is looking forward to being at AFN this year. She'll also be leading a consultation with ANCs on October 17 on fee-to-trust in Alaska and recognition of Tribes under the Alaska IRA. Unfortunately, she has to leave on Sunday to head to Colorado for NCAI, so she won't be able to make the Tribal consultation session on October 21 on fee-to-trust in Alaska and recognition of Tribes under the Alaska IRA. Instead, Principal Deputy Assistant Secretary John Tahsuda will lead that session. However, Assistant Secretary Sweeney would like to make herself available to Tribes who want to discuss these topics. Would it be possible to set aside a room at another time before Sunday for any Tribes that want to meet with her? Liz

Thanks Elena! I'll have Anita or Willow see if they can find some time next week.

On Thu, Oct 25, 2018 at 12:50 PM Gonzalez, Elena wrote: Hi John. Happy to meet with you and Tara. I can meet any time tomorrow morning and I have lots of availability next week. Jason Freihage and I have met to discuss this already, and agreed to propose very limited moves in 2019 until we have more information about plans for 2020. Jim Cason knows this is what OFAS is recommending based on current information and he seemed ok with that general approach. Ultimately, I need to let Susan Combs know what OFAS proposes to do on MIB space in 2019 and why. My question is if you are in agreement about not making any major moves for ASIA, BIA and BIE until 2020 and using 2019 to plan for any moves. The only other issue is the status of the Reston lease but that is not handled by OFAS. I suggested Jason talk to the policy office on facilities on plans to extend that lease - Megan Olsen is the Director and aware of the questions. I am copying Rick Farr so he knows what I am sharing with you. Just let me know when you and Tara want to meet if you still want to discuss this. Happy to have Rick and/or Megan join us too if that is helpful and so Tara knows them. I am retiring in Dec. so I am trying to leave a good game plan in place but will not be the one directing these moves by the time they happen. Thanks. Attached are two documents—one with the combined (and at times conflicting) edits of DOI, HHS, and Education. We will go through these to discuss a few key points and many suggested edits. Please be prepared to discuss your edits. Also attached is an "Alternate Plan Review" section. We essentially had two competing sections for plan review—the main document keeps the plan review section that was previously found in VI. A. (Plan Review and Approval). Included in the "Alternate Plan Review" document is the language that was previously found in IV. B. (Plan Review) of the MOA. This document includes suggested edits by DOI and Education. HHS's review of the most recent MOA suggested deleting this section and sticking to the language found in VI. A. (Plan Review and Approval) Participant Dial-In: (b) (5)

**Description:**

Participant Dial-In: (b) (5) Participant Code: (b) (5) FederalPartners, Apologies for the late notice, but we would like to hold a partners call for this afternoon to allow all agency lawyers to discuss the competitive grant language with White House Counsel. A major question for the call is to identify what universe of grants (if not competitive) would be captured in the statutory language found in 3404(a)(B)(i)(II): "Based solely or in part on their status as Indians under Federal law;" The language currently in the MOA is as follows: A. Competitive and Noncompetitive Grants 1. BIA and the affected agencies further understand that under section 5 of the Act (25 U.S.C. §3404(a)(1)(B)), 477 plans may include only those programs in which an Indian tribe or members of an Indian tribe are a. eligible to receive funds under a statutory or administrative formula making funds available to an Indian tribe or based solely or in part on their status as Indians under Federal law, or b. have secured funds as a result of a noncompetitive process or a specific designation. 2. Competitive grants do not base eligibility on a statutory or administrative formula and do not award funds as a result of a noncompetitive process or designation. Competitive grants would not normally base eligibility on Indian status. Thus, except in the rare circumstance in which Indian status is required to be eligible to apply for a competitive grant, competitive grants cannot be used in 477 plans. Should the aforementioned rare circumstance exist, the inclusion of such a program in a 477 plan will be at the discretion of the affected agency on a case-by-case basis. At the date of the signing of this MOA, no Party has identified a competitive grant program in which an applicant's status as Indians under Federal law is required to be eligible to apply for a competitive grant. 3. BIA and the affected agencies understand that early childhood education programs, including Head Start, are excluded based on the criteria in section 3404 of the Act. Indeed, appendix B further demonstrates congressional intent to exclude these programs from 477 plans.

**Where:** ASIA

**Calendar:** Tara Sweeney

**Created by:** Anita Personius

**Description:**

Likely 2020 OMB Passback and Appeals Schedule from the Office of Budget After meeting with leadership, the Office of Budget will send leadership guidance and the OMB passback to Assistant Secretaries, bureaus and offices late afternoon, Tuesday, November 27. \*As soon as we receive the OMB passback narrative and tables from the Office of Budget, we'll gather with you all to look for fatal flaws and George and Jeannine's team will update our comp tables to make sure nothing is lost in the details. \*If we identify major issues this will be our opportunity to appeal to shift funding. The guidance provided by POB directs that appeals need to be net zero (any increases need to be offset with a corresponding decrease). ===== Bureaus and offices will have until 3:00pm Wednesday, November 28, to submit Assistant Secretary cleared appeal statements to the Office of Budget. The appeal statement narrative and summary table templates are attached. Office of Budget expects the OMB passback to focus on high level issues; unless specifically addressed in the OMB passback, and they assume concurrence with the Department's request. Appeals should be limited to major policy or funding issues. ===== The Secretary's appeal letter will be delivered to OMB at noon on Friday, November 30. The Office of Budget will convey the Secretary's decisions on appeals to Assistant Secretaries, bureaus and offices Friday afternoon. ===== The week of December 3 the Office of Budget will send instructions for bureaus and offices to complete detailed funding tables in BFEM as we work with OMB on resolution of appeals and final settlement for the 2020 budget request.
